## JUNE 17TH

## THE BROTHERS BURN MOUNTAIN

An original acoustic guitar and drum duo, the music of The Brothers Burn Mountain is simple, yet complex. Their songs have a deliberate and masterful quality, each distinct, yet part of a whole

that is greater than any one song. For Ryan and Jesse Dermody, songwriting is a discipline and music is their life. If you like Neil Young, Wilco, Daniel Lanois, Old Moody Blues or The Grateful Dead, you're bound to feel a strong connection. **More information at [thebrothersburnmountain.com](http://thebrothersburnmountain.com).**

## TODD WARNER MOORE

Todd Warner Moore was born and raised in Kansas.

After touring across the Midwest in the '90s with one band and living in Hungary for six years where he formed another band, Todd currently lives in Iowa City and sells his songs from his website. Now, after

years of living in Iowa City, Todd is preparing to move to Hong Kong in July, so see him while you

still can! **More information at [myspace.com/toddwarnermoore](http://myspace.com/toddwarnermoore).**
