CRYSTAL WEBER

It might be easy to underestimate Crystal Weber's songwriting. The Waterloo native makes straightforward, inspirational, acoustic pop/rock songs. There is no hipper-than-thou irony at work in her music, nor any overt weirdness, entirely lacking in quirks. Yet in the current musical landscape, these songs are incredibly refreshing ? simple truths that we all forget sometimes and need to be reminded of, backed up by a simple acoustic guitar.

PERFORMANCE BEGINS AT 8PM
