FRIDAY, FEBRUARY 3RD

NO COAST

No Coast is an up-and-coming Iowa City psych-folk group. With just a few open mic nights under their belt, and no studio recordings available anywhere, it's surprising how these fresh faces have already developed a unique and compelling sound, blending Elephant 6 inspired psychedelics with the orchestral trappings of Sufjan Stevens and Andrew Bird. This is your chance to see a great young band at the ground level.

PERFORMANCE BEGINS AT 8PM
