

THE MORMON TREK JAVA HOUSE PRESENTS
GROUNDS FOR ART
FEATURING

LISA GOTTSCHALK

OPENING RECEPTION
July 2nd: 7pm to 9pm
Mormon Trek Java House

Meet the artists * Light refreshments available

I love to take pictures. Aside from when I'm asleep, I almost always have a camera in my hand or around my neck. I love to see how the reality of the people and places that I experience looks as viewed through the camera. My style is playful, spontaneous, tender and colorful. I'm curious about all the little things, small moments and fleeting expressions, and I love to catch and record them with my camera. I love to look through my favorite photos because they evoke in me the same feelings I had when I reacted to whichever

situation and snapped them. I'm lucky that I get to experience many of the strongest moments of my life over and over if I wish. I hope you enjoy looking at my photos! **More information at www.lisagottschalkphotography.com.**
